RECEIPTS AND EXPENDITURES.—The statement of receipts and expenditures of Cambria county for the year ending Jan. 26, 1865, has been published. From it we gather the following information as regards the status of the county in a financial point of view:

Isaac Wike, Treasurer, in account with Cambria county:
To amount tax, exonerations, commission, &c. \$36,249 82
By amt. paid out, commission, exonerations, &c. 32,699 87
Bal. in hands of Treasurer..... 3,549 95
The assets of the county are—
Outstanding debts due from Collectors..... \$12,446 06
Outstanding debts, miscellaneous..... 146 39
Judgments..... 250 13
Amt. in hands of Treasurer..... 3,549 95
16,392 53

Its liabilities are—
Outstanding County orders..... \$ 854 25
Relief orders..... 1,161 50
2,015 75

It will be observed from the foregoing exhibit that the county has the comfortable balance of \$14,376 78 on the credit side of the ledger.

The settlement of the Poor House funds resulted as follows:

George C. K. Zahm, Treasurer, in account with Cambria County Poor House.
To County orders..... \$7,000 00
By amount paid out..... 7,000 73

Due Treasurer..... 73
The total amount of outstanding orders due by Poor House is \$2,198 57.

The number of inmates remaining in Poor House Jan. 1, 1864, was 53; admitted during the year, 51; discharged during the year, 23; absconded, 26; died, 4; remaining Jan. 1, 1865, 51. Of this number, 38 are sane, and 13 insane.

The account of James J. Kaylor, Steward of the Poor House, as audited, is as follows:

To cash, &c..... \$727 75
By salary, &c..... 415 56
Due Poor House..... 12 19

FRIGHTFUL RAILROAD ACCIDENT.—The passenger Express train on the Pennsylvania Railroad, which left Pittsburgh at 4.35 on Saturday afternoon, met with a serious accident a short distance below Johnstown. The circumstances are about as follows: When the train was coming around a curve in the road, the sleeping car, which was the third from the rear of the train, ran off the track, broke the coupling which connected it with the car ahead, and swung around until it lay directly across the track, with one end up against an overhanging rock. This rock had become covered with an immense mass of ice, the entire body of which, thawed and loosed from its fastenings as it had been by the moderate weather of the few days previous, came crushing like an avalanche into the sleeping car through the end that lay against the rock, making it almost a complete wreck. Providentially, no one was killed, although the car was filled with passengers, many of whom were in their berths at the time of the accident. Twelve or fifteen, however, were slightly injured—none seriously.

The car immediately behind the sleeping car ran into the wreck, and had its end demolished. The last car was not injured. Altogether, the escape of the passengers from death and fearful wounds was truly miraculous. The mishap was purely accidental.

NEW HOTEL IN JOHNSTOWN.—A bill has been introduced into the Legislature by Mr. Pershing, incorporating a company to erect a first class hotel in Johnstown. It is to be called the "Johnstown Hotel Company," and the incorporators, who are also to be the managers of the enterprise, are Messrs. Daniel J. Morrell, H. J. Roberts, C. J. Frazer, J. M. Campbell, H. A. Boggs, L. Lowman, J. Dibert, Lewis Plitt, and John S. Buchanan. The capital stock is to be \$200,000, and it is expressly provided that if either the owners or lessees of the hotel permit gambling or intoxication in their hostlerie, all the rights and privileges granted in the bill are to cease. The sale of spirituous liquors is not absolutely prohibited, but is restricted to prevent excessive imbibition on the premises.

SNOW GO!—Our Branch train, after an absence from this terminus of the road of a round two weeks, succeeded in digging its way back here through the snow on Saturday night. So far, very good.—We thought our trials and tribulations in a snowed-up point of view surely at an end. But, in honor of the event, the elements got up a grand entertainment on Sunday, entirely regardless of expense, with the result that on Monday morning, when the train attempted its regular trip, it was no go. The road was again drifted mountains high—blockaded—rendered un-get-overable—sealed up secure as the bottled geni in Arabian Nights! So we are down on the books for another protracted isolation from the world at large. We presume we can stand it—human nature can stand anything, excepting, perhaps, castor-oil and tight boots. But, dammit! of how much inconvenience, and annoyance, and downright embarrassment is not this state of affairs the cause! Our friends in the lowlands, where avalanches and hurricanes are unknown, and where communication is never cut off by a freak of the Weather Clerk, can have no true conception of the extent of the affliction.

"Blockade runners," in the shape of sleigh-hacks, will continue to transport the mails and passengers to and from Cresson till the road is opened up.

CORN HUSKS.—An Austrian patent for the manufacture of paper from corn husks has been introduced into this country, through the instrumentality of which it is expected paper can be produced at much lower rates than those now governing the article. The control of the patent, so far as concerns the manufacture of printing paper, is in the hands of the Associated Press, who solicit proposals for the furnishing of sound, dry husks, free from dirt and nubbins—the husks to be baled in even hundreds of pounds, and delivered at railroad stations. Mr. Jos. Snowden, of Pittsburgh, is agent to purchase these husks for the Western Associated Press. Those of our farmers having any to sell should write him, immediately, stating the number of pounds they can furnish, and at what price per hundred pounds.

CAMBRIA MINING COMPANY.—A bill has been introduced into the State Legislature to incorporate a company under the above name, style and title, with a capital of one million dollars, and with J. Warren Body, James E. Southworth, Wm. H. Story, John J. Tyler, and Edward Quintard as incorporators, to open and mine the coal, iron ore, oil, and other minerals in the lands belonging to the Company in Cambria county, and to dispose of the same by sale or lease, and also to build a railroad not exceeding ten miles in length to connect with the Pennsylvania Railroad. This is the company which recently purchased the "Burket Farm," in Jackson township, the development of the valuable mineral deposits of which is the chief point in view in this application for incorporation.

NOT DEAD!—Some time last summer, we made the announcement in these columns, on what was regarded good authority, that Mr. Thomas P. Dumm, of the 9th Pa. Cav., and a resident of Cambria county, had been killed in a battle in the Southwest. We are glad to be able now to contradict this, and say that Mr. D. was not killed. He was taken prisoner by the rebels in the engagement, however, and is at this time an inmate of a rebel prison in Georgia. A letter has been received from him, saying he is well. His many friends will be glad to read this announcement.

RAILROAD ACCIDENT.—On Saturday last, the locomotive attached to the local freight train on the Penna. Railroad exploded at Wilmore, this county, while taking water. The engineer, Mr. Joseph Parks, of Johnstown, was severely injured, as was another employee of the road whose name we did not learn.

FIRST NATIONAL BANK OF ALTOONA.—We direct the attention of our readers to the advertisement of the First National Bank of Altoona, in another column.—Having transacted much business with the concern, always finding it reliable and accommodating, we take pleasure in recommending it to the public.

POST OFFICE.—George B. Wike has been appointed Post Master at Summerhill, Cambria county, vice Miss Mary A. Patterson, resigned.

Stephen L. Evans has been appointed Post Master at Carrolltown, Cambria co., vice Joseph Behe, resigned.

—Next Tuesday is Valentine day.

ETCHINGS.—The ground-hog which hibernates in this section certainly saw his shadow on Thursday last, Candlemas day. Wherefore, we infer we are going to have six weeks' more ice and sled-runners before spring sets in....It is stated no licenses will hereafter be granted by the Cambria County Court, unless application therefor is made through a regular attorney. Those interested should make a note....Lieut.-Col. Jno. P. Linton, of the 54th P. V., has been discharged from the service on account of wounds received in battle, and is now at home....A National Bank has been established at Blairsville, with William Maher President, and Samuel Ray Cashier....Messrs. Jos. Cole and F. P. Tierney, of this county, whose arrest by the Provost Marshal on the charge of putting bounty-jumpers into the army we have before noticed, have been removed from Hollidaysburg to Harrisburg, to undergo a court martial. Dr. J. L. Bralier, also of this county, implicated in the same transaction, has not yet been arrested....The provost guard for Cambria county, to the number of twelve or fifteen, have arrived here, and taken up their headquarters at the "Mountain House" for the winter.

THE DRAFT.—Now that the Peace fallacy has been exploded, we hope to see the people of Cambria county going to work with a will to put in their quota under the impending draft. The time remaining in which this may be done is short. Prompt and energetic action is therefore required.

Seeing that the discussion of the peace question has almost totally stopped volunteering of late, the time for the draft may be extended, so as to allow of an effort upon the part of the people to fill up our armies by voluntary enlistment. It were safer, however, to be governed by the belief that the time will not be extended, and to act accordingly.

The quotas of the different sub-districts have not yet been promulgated, but a very close approximation to the correct figures may be arrived at by dividing the whole number enrolled in each sub-district by four. One in four will be about the proportion of men required.

DEER.—The Altoona Tribune says that deer are exceedingly plenty in the mountains in that neighborhood the present winter. Old hunters say they are of a different species from the deer usually found there—larger, and with different shaped antlers. The theory is that, becoming wearied of war's alarms, they have left the mountains of Virginia and journeyed in this direction in quest of peace and good pastures.

THOMPSON'S COLUMN.—Like Barnum, James M. Thompson, at the P. O. store, Ebensburg, understands the value of printer's ink. For proof of this, see his gay and festive column advertisement on this page. Unlike Barnum, however, he never humbly begs his customers. For proof of this, go patronize him once.

TO THE POLLS!—It should not be forgotten by the free and enlightened people of Cambria county, that on the third Friday (17th day) of the present month, the annual election for district officers will be held. Go to the polls on that day, and vote early and often!

BAD NEWS FOR SOME.—Pro. Marshal Lloyd has received orders from the War Department, directing that the names of all those who paid commutation during the year 1864 be put in the wheel in the approaching draft.

FOR RENT.—See advertisement of office for rent. The office in question is in the central, business portion of town, and a most eligible location as to comfort and convenience. For terms, apply at this office.

COURT.—An adjourned Court convened here Tuesday. It is still in session, but slimly attended.

THE SNOW is about two feet deep here on a level, and more falling at the rate of an inch every day.

JOHNSON'S

RHEUMATIC COMPOUND

AND

BLOOD PURIFIER!

This great internal remedy is the best medicine ever offered to the public for the effectual cure of Rheumatism, Gout, Neuralgia, Dyspepsia, and as a Blood Purifier, it has no equal for all diseases arising from an impure state of the blood, such as Scrofula or King's Evil, Scald Head, Tetters, Ring Worm, Female complaints, and all break-outs on the face or body. The vast number of rub-on medicines which formerly have been used for those diseases were merely temporary in their effects, and of doubtful virtue, but the RHEUMATIC COMPOUND reaches the source of all trouble, and effectually banishes the disease from the system by its immediate action on the blood. We advise one and all to give it a trial, and become satisfied of its wonderful power.

SELLERS' LIVER PILLS!

Read and judge for yourself.
SILVER CREEK, Ohio Co., Virginia,
March 20, 1849.
MR. R. E. SELLERS—Dear Sir—I think it a duty I owe to you and the public generally to state that I have been afflicted with Liver Complaint for a long time, and so badly that an abscess formed and broke, which left me in a very low state. Having heard of your celebrated Liver Pills being for sale by A. R. Sharp, West Liberty, and recommended to me by my physician, Dr. F. Smith, I concluded to give them a fair trial. I purchased one box, and found them just what they are recommended—the best Liver Pills ever used; and after taking four boxes, I find the disease has entirely left me, and am now perfectly well. Respectfully yours,
D. H. COLEMAN.

PRICE 25 CENTS.

SELLERS' COUGH SYRUP!

From A. Cushing, Druggist, S. Bend, Ind.
D. S. OWEN, Esq.—Dear Sir—In reply to your favor of the 13th instant, I would say that the sale of Sellers' Medicines has far exceeded my expectations; and in no case have they failed to produce the desired effect. The Cough Syrup is a cure for coughs, colds, &c., and the cheapness of the article places it within the reach of all, which, together with its efficacious qualities, renders it a universal favorite. Not a day passes without numerous calls for "the one thing needful," at this season of the year, viz, Sellers' Cough Syrup.
Yours,
A. G. CUSHING.

SELLERS' VERMIFUGE!

From Rev. S. Wakefield, former Pastor of the Liberty street M. E. Church.
MR. R. E. SELLERS—It is from a sense of duty, as well as with great pleasure, that I bear testimony to the virtue of your justly celebrated Vermifuge. I procured a single bottle, and gave it to three of my children, who had been ill for several weeks. The eldest was seven years old, the next four, and the youngest eighteen months. The first passed fifty-six worms, the second forty-seven, and the third a considerable number, not distinctly recollected. Since then they have been doing well, and are now in good health. Truly,
S. WAKEFIELD.
